We, at DIPS, are striving hard to structure the learning experience of the students through engaging, creating, providing, assisting, inspiring and counselling our students in both the spheres, academic & co-curricular.

We are teaching children:

- to keep their minds curious.
- to make their heart pure.
- to promote general adaptability.

in a way to let the parents, teachers, friends, relatives & society at large, feel proud of them.

Friends, journey is on and I wish that with the whole-hearted cooperation of wonderful parents who all through the journey walked not behind but with us shoulder to shoulder, we will cross each barrier on the way with winning spirits and felt presence.

Looking ahead for more challenges and unending opportunities, on the way to our journey, I will close my words with memorable lines of famous English Poet- Robert Frost:

WOODS ARE LOVELY DARK AND DEEP
BUT I HAVE PROMISES TO KEEP
AND MILES TO GO BEFORE I SLEEP
AND MILES TO GO BEFORE I SLEEP.
